## TOMATO BALCONI YELLOW

*Solanum lycopersicum L 'Balconi Yellow' Common name: Tomato*

A sweet cherry variety with bushy, trailing growth. Perfect as a basket plant, one plant filling a 30cm (12in) basket with ease. Extremely decorative as well as productive. Easy to grow, plants do not require any side-shooting or special care.

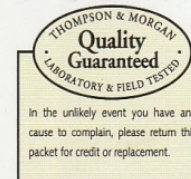

- Flavour guide: Very sweet
- Sow February to March
- Ideal for hanging baskets, windowboxes, Flower Pouches™ and growbags
- Requires no side shooting
- For indoor and outdoor cropping

**SOWING INSTRUCTIONS** Sow seed on the surface of a good free draining, damp seed compost, and cover with a sprinkling of compost or vermiculite. Place in a propagator or seal container inside a polythene bag and keep at 20-25C (68-77F) until after germination which usually takes 7-14 days.

**GROWING INSTRUCTIONS** Transplant seedlings when large enough to handle into 7.5cm (3in) pots and grow on in cooler, well lit conditions.

**FOR PLANTING OUTSIDE** For growing as a bush outdoors plant 60cm (24in) apart in moist, well-drained, fertile soil in a sunny position.

**FOR HANGING BASKETS** Plant one per 30cm (12in) basket. Water well and keep in a cool position until well rooted. Gradually acclimatise plants before hanging outside after all risk of frost. Feed regularly with tomato feed and keep well watered.

**T&M RECOMMENDS**  
Storing seed in a cool, frost-free area, out of direct sunlight, in an airtight container.

Standard Seeds - complies with EC rules and standards Origin U.K.
