### TOMATO TUMBLING TIGER F1 HYBRID

*Solanum lycopersicum L 'Tumbling Tiger' F1 Hybrid Common name: Tomato*

**British breeding. Compact habit when grown in a 20cm (8in) pot on the windowsill or has a 'gentle trailing' habit if planted in a 35cm (14in) basket or container. Prolific crop of striped, plum shaped fruits of a juicy flavour.**

- Flavour guide: Sweet and juicy
- Decorative striped fruits
- Early crops in baskets and containers
- Sow indoors: January to April
- No support or sideshooting required
- Harvest July to October

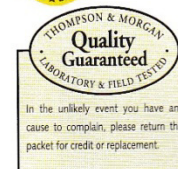

**SOWING INSTRUCTIONS** Sow seeds 6mm (1/4in) deep in pots or trays of good, free-draining, damp, seed compost and cover with a sprinkling of vermiculite or compost. Place containers in a propagator, or seal in a polythene bag, at a temperature of 18-21C (65-70F) until after germination, which takes 7-10 days.

**FOR INDOOR CROPS** Plant finally into tubs, containers or hanging baskets in the greenhouse or conservatory. Water regularly and feed weekly with high potash tomato food once first flowers have set.

**FOR OUTDOOR CROPS** Acclimatise plants to outdoor conditions for a few days before planting into tubs, containers or hanging baskets. Protect from cold winds until established.

Tomatoes are packed with antioxidants and high in Vitamin A and C, and lycopene, all helping to stimulate your body's immune system.

In the unlikely event you have any cause to complain, please return this packet for credit or replacement.

**T&M RECOMMENDS**  
Storing seed in a cool, frost-free area, out of direct sunlight, in an airtight container.

Standard Seeds - complies with EC rules and standards Origin U.K.
